● WORK EXPERIENCE

IT PRODUCT OWNER / BUSINESS ANALYST – MAGEBIT – 01/01/2025 – 01/02/2026 – RIGA, LATVIA

- Led end-to-end delivery of eCommerce projects across Shopify, Magento, and BigCommerce, ensuring high-quality outcomes and client satisfaction
- Developed and managed detailed project plans, roadmaps, and timelines to drive efficient execution and on-time delivery
- Collaborated with stakeholders to gather, analyze, and translate business requirements into clear, actionable tasks for development teams
- Applied Business Analysis methodologies to identify business needs, recommend solutions, and support achievement of strategic goals
- Guided and mentored team members through structured career development plans and personalized learning paths, fostering growth and engagement
- Cultivated a collaborative, self-organizing team environment that promotes accountability and continuous improvement
- Facilitated Agile ceremonies (sprint planning, stand-ups, retrospectives, reviews) to enhance transparency, alignment, and delivery efficiency

TEAM LEAD (QUALITY SUPPORT ANALYST) – TELUS INTERNATIONAL – 14/08/2023 – 20/12/2024 – RIGA, LATVIA

- Maintenance of High Quality Production.
- Stakeholder Communication and Management.
- Team Meetings and Coaching.

IT PRODUCT OWNER – NEETRY – 01/01/2023 – 01/08/2023

- Authored, refined, and communicated product backlog items, transforming complex business requirements into actionable user stories for the delivery team.
- Owned and optimized the product backlog, establishing clear prioritization frameworks that provided full visibility to the engineering team.
- Translated direct customer feedback and user research into tangible product features, ensuring the delivery team remained aligned with user needs.
- Monitored and evaluated development sprint progress, unblocking technical hurdles to guarantee high-quality, on-time product increments.

IT PROJECT MANAGER – WESAGE – 01/04/2020 – 01/01/2023 – YEREVAN, ARMENIA

Here is when my career began. The first year of my work was strongly dedicated to learning and growing. My mentor introduced the IT world to me, explained how Web development worked. Then I started my journey as an IT Project Manager where I:

- Served as the primary point of entry for the entire organization, successfully managing diverse stakeholder expectations and aligning them with team capacity.
- Led transparent backlog management initiatives, ensuring all company stakeholders had a clear understanding of product direction and timeline trade-offs.
- Authored, refined, and communicated product backlog items, transforming complex business requirements into actionable user stories for the delivery team.
